NOTIFICATION OF DECISION CONCERNING
 REQUEST FOR RECTIFICATION

(PCT Rule 91.1(f))

Date of mailing (day/month/year) 30/03/2005	
Applicant's or agent's file reference 11757-4KAM	REPLY DUE NONE However, see last paragraph below
International application N°. PCT/CA 03/01162	International filing date (day/month/year) 31/07/2003
Applicant DANTER, Wayne R.	

The applicant is hereby notified that this International Searching Authority has considered the request for rectification of obvious errors in the international application/in other papers submitted by the applicant to this Authority, and that it has decided:

1. ☒ to authorize the rectification:

☐ as requested by the applicant.

☒ to the extent set forth below*:

The replacement of page 18 is allowed.

2. ☒ to refuse to authorize the rectification or part of it for the following reasons*:

The replacement of pages 30 and 31 is not allowed.

(see annex)

A copy of this notification, together with a copy of the applicant's request for rectification, has been sent to the receiving Office and to the International Bureau.

* If the authorization of the rectification has been refused in whole or in part, the applicant may request the International Bureau, before the technical preparations for international publication have been completed and subject to the payment of a fee, to publish the request for rectification together with the international application. See Rule 91.1(f), third and fourth sentences, and, for the amount of the fee, see the PCT Applicant's Guide, Volume I/A, Annex B2(IB).

ANNEX

The replacement of pages 30 and 31 is not allowed.

The introduction of the sentence "The reaction mixture was stirred....TLC" is not allowable because it is not evident from the application how long the mixture was stirred.

From the sentence "1.36 grams Cl (2 equiv) it is not clear whether the grams or the equivalents have been wrongly calculated.

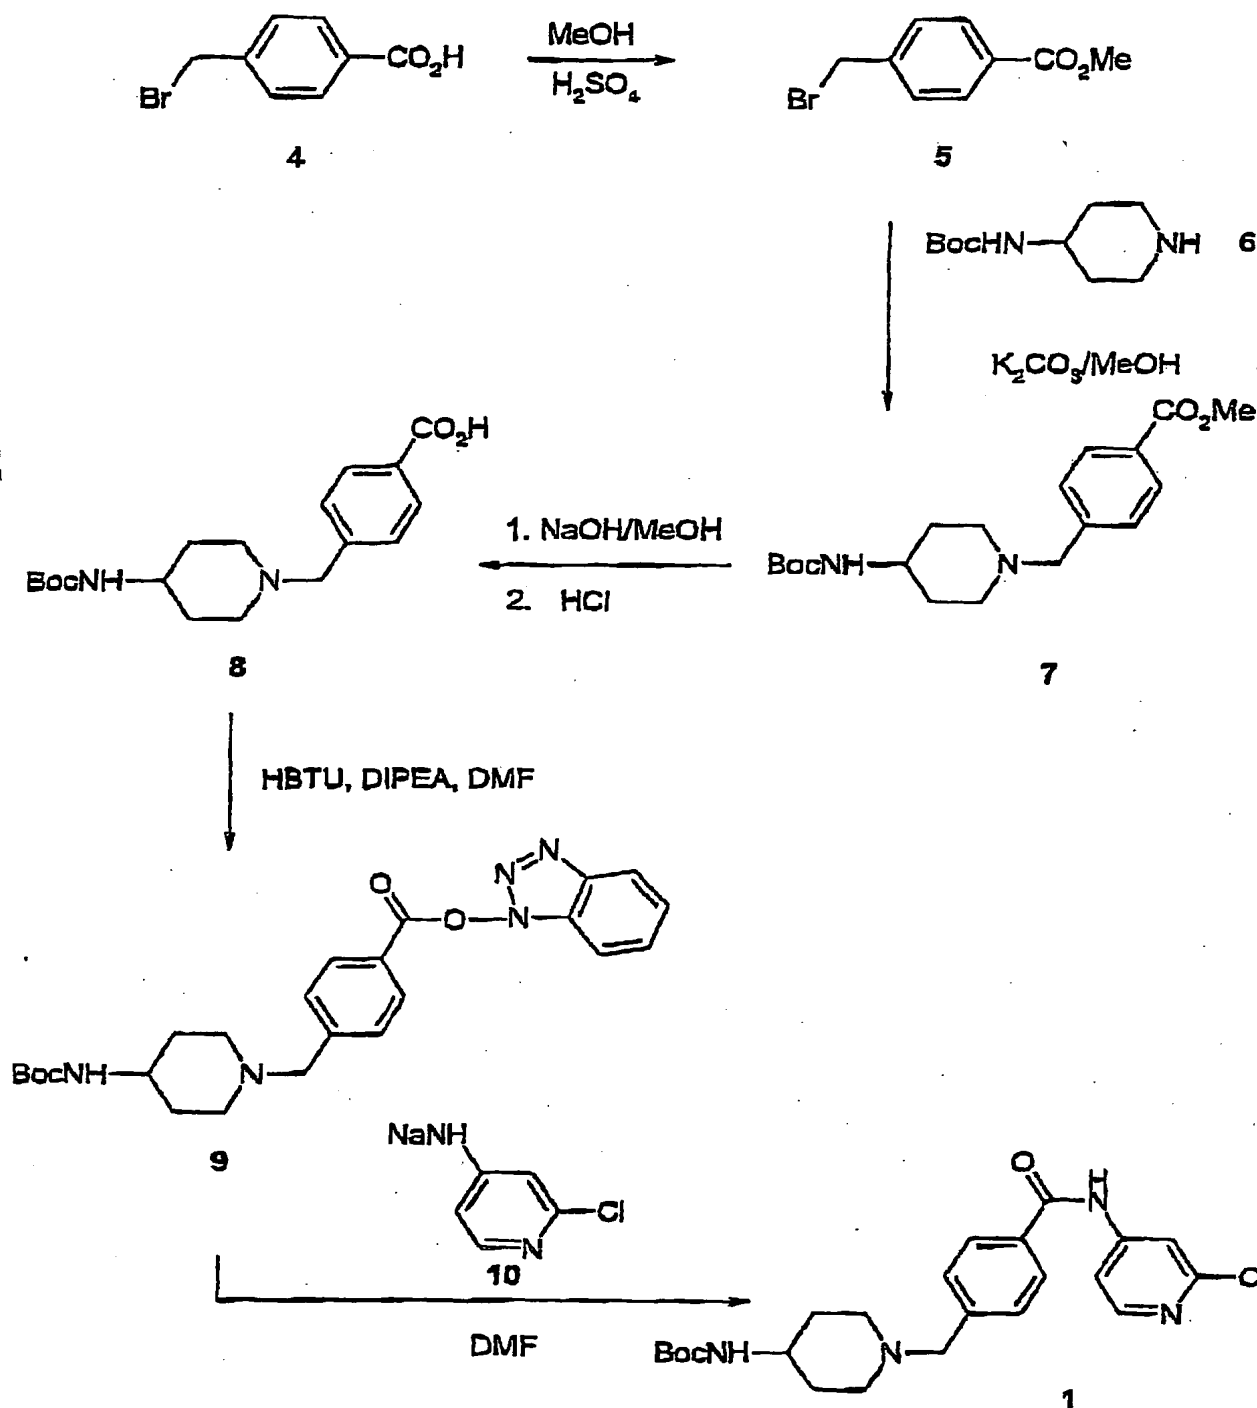

Hence the rectification proposed is not obvious in the sense of Rule 91.
